

K-Love is an amazing radio station that positively affects our local community of Virginia beach and in fact the whole region of Hampton Roads. The praise and worship is exactly what people need to listen to keep their mind on track with God even during a stressful day.

K-Love is the ONLY radio station I listen to day in and day out. If K-love were to be displaced it would be very disheartening. I believe that everyone needs to know of God's love through praise and worship, not the mess that is on the radio these days.

If you sow good seeds you will reap an awesome harvest if you are united with God. I have personally been affected by this station being on the air and the public needs to have a loud positive voice. K-love has nothing but a positive influence on everyone who tunes in.
